Forecast for Sunday 09 Aug 2020

Weather: Largely dry, clear or sunny throughout in west, although the Angus and Perthshire Foothills may see some rather low cloud in the early hours and into the early morning, while some shallow fog patches might affect the Aberdeenshire glens around dawn, this low cloud edging back in to the east in the evening.

Chance of cloud free mountain/hill tops above 800m: More than 95%, some patchy cloud across the east around 600 metres around dawn, though even then the higher summits will be cloud free

Visibility: Very good generally, perhaps the odd shallow fog patch at first over northeastern glens.

Met Office Aberdeen Meteorologist's View
With plenty sunshine through the day precautions should be taken against sunburn and dehydration.

Forecast for Monday 10 Aug 2020
Weather: More in the way of cloud but still some hazy sunshine at times. Occasional thundery showers are likely at any time.

Maximum wind: Southeasterly 20-25mph gusts 30-35mph.

Chance of cloud free mountain/hill tops above 800m: 90%.

Visibility: Generally very good but falling moderate, perhaps briefly poor in any heavier thundery showers, and in any overnight mist.

Temperature: **Glens:** Plus 10 Celsius rising to Plus 18 Celsius
At 800m: Plus 13 Celsius
Freezing level: Above the summits
